RESPONSE TO NOTICE OF ALLOWANCE

In response to the Notice of Allowance mailed September 3, 2004, enclosed are a completed issue fee transmittal form PTOL-85b, transmittal of 5 sheets of formal drawings, and a check for \$1370.00 for the required fee.

In response to the request to amend the specification to include section headings as per 37 CFR 1.77(b), it is noted that the cited rule states what a specification should include, and falls short of making such section headings mandatory. Since the specification clearly presents the claimed subject matter, all of the required Rules have been complied with, and compliance with Rules 73 and 77 is entirely voluntary, it is respectfully suggested that the application is totally complete as is, and therefore the requested amendment to the specification is respectfully traversed.
